Post Graduate / Professional or Non Graduate Qualifications					
University / College / Professional Institution	Qualification	Subject / Discipline / Area of study			

Employer Role and brief description of responsibilities Duration					
Imployer	Troic and brief description of responsibilities	Duration			

How to complete the competency section of the application form

The competency section on the application form provides you with the opportunity to demonstrate that you have the competencies required for the programme.

The form asks you to consider four competencies and provide a specific, relevant example for each one that tells us how you have demonstrated that competency in the past.

If you do not have a work related example, you can include examples from things you have done outside work; for example with voluntary groups, social environments, education or training.

It is important that you are specific when writing about what you have done. Please do not describe what you have done in general terms. Choose a specific event, project, task or achievement.

In each example you need to clearly describe what your personal contribution was. You should avoid using "we" and describe what you did.

For each answer, you will need to tell us clearly, using the STAR method shown below:

- Situation: What was the situation or issue you were faced with?
- Task: What was the nature of the task and what did it involve?
- Actions: What did you do during the task and what difference did your actions make?
- Result: What was the final outcome?

It is important that you keep your response concise and you should aim to write no more than 200 words for each answer.

Competencies
This section provides you with an opportunity to tell us about how you have demonstrated the competencies required for this programme.
You are advised to refer to the guidance notes before completing this section of the form.
Initiative – Provide an example of an activity you have organised or undertaken in your own time in order to further your own development. (200 word maximum)

enacity – Provide an example of a time when you gained something because you persisted for a length of time and did not gion. (200 word maximum)	ve
